School Goals

This year our district will continue with year 2 of our mission, "North Marion, learning together to cultivate lifelong growth."
-Implement rigorous and aligned PreK-12 curriculum standards, instruction, and materials that are culturally responsive.
-Empower each student to develop skills across the curriculum in ways that build their confidence to challenge themselves.
-Develop systems to expand the percentage of staff who are skilled in the use of culturally responsive practices that reflect the demographics of our community.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

We strive to ensure all students and families feel welcome and included at school. Social and emotional learning and culturally responsive teaching are integrated into each day and are supported by a daily advisory program. We enforce strong anti-bullying and harassment policies and we are committed to supporting equity in access and opportunity to learn. Our Advisory program has been designed to help with relationship building, making connections, and using strength-based approaches to support mental health.
